

# My Most Common Request For 2025... “How Can I Increase My RVUs?”

Thursday, July 17, 2025  
7:30pm Eastern/6:30pm Central

## Free Webinar on July 17, 2025

All providers took a “pay cut” from CMS in 2025 prompting a flurry of requests to address “How Can I Increase My RVUs”? Coding and documentation guidelines continue to change. Though no substantive new players (like G2211) emerged in 2025, several CPT updates arrived that could help revenues. Understanding the application of these codes is key to our success. This latest “colleague advising colleagues” webinar will help in this space.

- Discuss headwinds impacting revenue
- Review updates to some 2025 inpatient and ambulatory codes and how to compliantly apply these to increase revenue
- Understand current CMS E&M Guidance
- Clarify the use of G2211 “visit complexity” and the “Split/Shared” NPP encounter billing
- 2025 (...2026?) Telemedicine updates

### Nick Ulmer, MD CPC FAAFP

- Current practicing family medicine/administrative physician
- A certified professional coder since 2000

Dr. Nick Ulmer is a family physician and Certified Professional Coder who will be the Presenter for the “How Can I Increase My RVUs...” session. Registrants will get a link to view this at the completion of the live meeting.

**pro·time**  
Optimizing the Business of Healthcare

*This session is provided as a collaborative non-CME educational effort of Protime, LLC and is solely funded by Protime, LLC*

In this 45-minute, non-CME live Zoom meeting, Dr. Ulmer will provide an overview of strategies to help increase revenues. Space is *LIMITED*! There is *NO COST*, but **registration is required** @
